Healthy Building Summit - Wellness is the Bottom Line

USGBC MA's Healthy Building Summit, we will empower building owners and stakeholders to increase their knowledge of healthy building materials and products. We have gathered an expert panel of healthy building's best from top universities and companies. The event will start off with breakfast and coffee followed by our panel of top influencers.

Our panel will include industry leaders such as:

- Moderator, Nadav Malin, President and CEO of Building Green
- Heather Henriksen, Managing Director, Harvard University Office for Sustainability
- George Bandy, Vice President of Sustainability and Commercial Marketing, Mohawk
- Monica Nakielski, Director, Sustainability and Environmental Health, Blue Cross Blue Shield of Massachusetts
- Jeff Hyman, Associate Director, Environment Health & Safety US at EMD Serono, Inc.

Sponsoring a Table

Sponsoring a table at our Healthy Buildings Summit grants you front seat access to leaders within our network. When you sponsor a table, the seats are yours - you can give them to clients, employees, friends, and anyone else you would like to invite. It's a great chance to not only connect and educate your colleagues with the latest and greatest in healthy building, but also to showcase your leadership in front of our community. For more information about sponsorship, contact Emily Kingston at ekingston@usgbcma.org, or visit usgbcma.org/hbs18.
