

Priority Training List

Updated October 2023

Complete the BE+ [Training Interest Form](#) to let us know which specific training(s) you and/or your firm are interested in. We schedule trainings based on interest from the community. The results of this survey will inform which trainings we schedule and we'll let you know once they are scheduled.

Below is a short list of courses identified as priorities to offer. The training names are listed as they appear in the BE+ [Training Catalog](#).

Trainings highlighted in Green are part of a **Materials and Embodied Carbon** track.

Trainings highlighted in Blue are part of a **Green Building Principles** track.
