

WOMEN IN GREEN | SPONSORSHIP BUILDING THE FUTURE | PACKAGE

DECEMBER 12, 2025 | 8:00 - 11:30AM | WENTWORTH INSTITUTE OF TECHNOLOGY

Redefining Leadership, Innovation, and Impact in a Changing World

The 2025 Women in Green networking breakfast will bring together women leaders transforming the built environment with new technologies, tools, and ideas. From rethinking materials to advancing digital platforms, our panel will highlight breakthroughs shaping how we design, build, and adapt for a more sustainable future.

Friday, December 12, 2025 | 8:00am – 11:30am

Wentworth Institute of Technology

Watson Auditorium

555 Parker St, Boston, MA 02120

In a time of rapid innovation and disruption, how can we leverage the power of community to guide the way forward?

Support this powerful collective by sponsoring the event.

WHO WILL BE THERE?

A cross-section of architects, engineers, designers, developers, contractors, owners, operators, manufacturers, utility reps, investors, lenders, and sustainability professionals dedicated to advancing a more equitable, resilient built environment.

WHY SPONSOR

Elevate Women's Leadership

Align your organization with a platform that amplifies the voices, expertise, and innovations of women shaping the future of the built environment.

Connect With Industry Leaders

Engage directly with leading architects, engineers, designers, developers, owners, manufacturers, and other sustainability professionals driving change across Massachusetts.

Support an Equitable, Sustainable Future

Your financial support creates a vital space for meaningful conversations and connections that build community and leverage the power of this collective.

About Built Environment Plus

BE+ is a member-based non-profit driving sustainable and regenerative design, construction and operations of the built environment. We do this by providing green building education, building community, engaging in advocacy, research and tool development, celebrating success, and by fostering leadership opportunities for sustainable building practitioners.
